Transcription of cassette recording of Telephone, Channel 1 and Channel 3 traffic relating to the incident at 3331 W. Broadway, on 11-15-84.

The following is a tape of incident #79732. On November 15, 1984 at 3332 W. Broadway in Phoenix, Western States Petroleum. Original call was received from P.D. This tape will consist of telephone, channel 1 and channel 3 only.

PPD: Hi there Fire, we have a man who fell in a large tank that used to contain chemicals.

PFD: uh huh

PPD: Dangerous chemicals, at Western States Petroleum Company, 3331 W. Broadway.

PFD: Western State Chemical, what was it.....?

PPD: Ah, petroleum

PFD: Petroleum? OK

PPD: uh huh

PFD: OK, and it was empty?

PPD: Ya, he said it's empty but there's still the smell of the chemicals and things down there, I have his phone number, if you want to get back with him.

PFD: Ya, what is it?

PPD: 276-0685

PFD: OK, was he injured? or are they just worried about.....

PPD: You know, they say they can't get him out, they need a ladder to get him out.

PFD: OK, we'll have somebody right out.

PPD: OK

PFD: You guys might want to go too.

PPD: OK

PFD: Alright, bye.

PPD: Bye

Alarm Tone.....

PFD: Channel three, special duty, hazardous assignment, an injured man, fall into

a chemical tank, 3332 W. Broadway, Western States Petroleum, for Engine 39, Engine 4, Ladder 4, Rescue 3, Support 4, Battalion 3., Channel 3 special duty, hazardous assignment, injured man in a chemical tank, 3332 W. Broadway, Western States Petroleum, for Engine 39, Engine 4, Ladder 4, Rescue 3, Support 4, Battalion 3.

Pager tone for Hazardous Assignment.....

PFD: Personnel be advised, Special Duty, Hazardous Assignment has been dispatched to 3332 W. Broadway Rd., man inside a chemical tank. Traffic is on channel three at 1507... Personnel be advised, Special Duty, Hazardous Assignment has been dispatched to 3332 W. Broadway, man has fallen into chemical tank at the Western States Petroleum, traffic is on channel 3 at 1507.

Phone ringing.....

(1505:45)

RFD: Yes.

PFD: Hi, just a second, ah we got an injured man that, that I think is yours, because it's on one side of the street as opposed to the other, but we're going, it's ah 3331 W. Broadway, at Western States Petroleum. A guy fell into a tank that used to hold hazardous chemicals, and he's not really injured, but he can't get out, and the fumes, they're kind of getting to him, I guess, so we're sending our Haz Mat team and some other people. It's basically your call because it's on the South side.....

RFD: Western Petroleum?

PFD: uh huh.

RFD: OK

PFD: So if you want to go, it is your call, but....

RFD: OK, you guys responding an ambulance?

PFD: uh huh, yes we have ALS, an ambulance, our Haz Mat team....

RFD: What ambulance are you responding?

PFD: Southwest

RFD: OK, thanks.

PFD: Are you going to go?

RFD: Ya, we're going to go also. thanks, Bye Bye

PFD: OK, Bye Bye

Dispatch....

PFD: Units assigned, be advised, corrected address will be 3331 W. Broadway Rd. and you'll also have Rural responding and Southwest 15....

Phone ringing.....

St. Lukes: St. Lukes Poison Control

PFD: Hi, we sent rescue three and the Haz Mat team responding to 3332 W. Broadway.

St. Lukes: OK

PFD: Don't have a whole lot of particulars, it's at Western States Petroleum.

St. Lukes: OK

PFD: They got an injured man inside of a chemical tank, but we don't know what he's been exposed to or anything. *(missing sentence)*

St. Lukes: OK, You think he'll be coming here or.....

PFD: Ah, I don't know, we're not even on the scene yet, so.....

St. Lukes: OK, and which rescue is going to....

PFD: Ah, Rescue 3

St. Lukes: Rescue 3, OK I'll notify Dr. Vance.

PFD: Thank you.

St. Lukes: uh huh, bye.

Phone ringing.....

(1508:15)

Weather Bureau: Yes

PFD: What's the wind direction, please?

Weather Bureau: The what?

PFD: The wind direction.

Weather Bureau: hold on.

Weather Bureau: (Female answers, unable to distinguish what she said.)

PFD: Hi, can I have the wind direction.

Weather Bureau: Yea, a at two niner zero five.

PFD: I'm sorry what?

Weather Bureau: 290

PFD: 290, out of anywhere?

Weather Bureau: Pardon me?

PFD: Out of East, North, South....

Weather Bureau: That's out of a almost due West, a West to Northwest.

PFD: OK, alright thank you.

Weather Bureau: You're welcome.

PFD: Bye

(1509:37)

Deputy 1: Command to Haz Sector.

Engine 4: Hazard Sector.

Deputy 1: I just want to remind you that we do have Engine 18 outside.

Engine 4: That's affirmative, Chief, thank you, did you copy about the reason of air or oxygen going into the tank.

Deputy 1: I did, I copied.

(1535:52)

Engine 4: Also be advised that we don't believe the individual is alive at this time.

Not conscious

Deputy 1: Command Copy.

Engine 4: Hazard Sector to Command.

Deputy 1: Command go.

(1536:40)

Engine 4: Be advised, Capt. Bates is going to use the torch on this at this time...^{We're having trouble with} (unreadable) 3/8 inch steel..... (unreadable)

Deputy 1: Bob, you were unreadable.

Engine 4: How do you copy me now, Chief?

Deputy 1: Real good.

Engine 4: Be advised we are going to go to a cutting torch, the blades are just simply too slow and will not cut into the tank.

(1537:10)

Deputy 1: About the danger of explosion, Bob, what is the cutting torch going to do to this thing.

(1537:15)

Engine 4: No more than what we're doing with the head of the blade, at this time, Chief.

(1537:30)

Deputy 1: OK, I want those guys off the top of that tank, if you're going to do any cutting in case it does vent.

Engine 4: OK, I'll check on it. (unreadable)

Deputy 1: OK, Command to Alarm.

Alarm: Command go ahead.

Deputy 1: Stand by, Command to Alarm

Alarm: Command go ahead.

(1538.00)

Deputy 1: I'm going to need a helicopter on this.

Engine 23: That's affirmative, be advised we do have two medics on board.

Deputy 1: Ok, Command to Battalion 2.

Battalion 2: Do you want me to assume that staging?

Deputy 1: I want you to assume Transportation.

Battalion 2: I copy, Transportation, advise me, where Treatment Sector is?

Deputy 1: Treatment Sector is directly North of the incident, underneath the canopy, it's right in front the business.

Battalion 2: Copy, North of the incident, under the canopy.

Battalion 3: Battalion 3 to Command, you have one ground ambulance on the scene.

Deputy 1: Command to Battlion 2.

Battalion 2: Battalion 2, yes.

Deputy 1: Disregard last assigment, I've given that to Chief Rachwitz. Just come to the command car a minute, Mike.

Battalion 2: That's affirmative, I'm on my way.

Engine 39: Engine 39 to Command

Deputy 1: Last unit?

Engine 39: Engine 39.

Deputy 1: Go ahead 39.

Engine 39: Ya, do you have a foam unit responding?

Deputy 1: I can't copy.

Engine 39: Do you have a foam unit responding?

Deputy 1: Static.....

Engine 39: Do you have a foam unit responding?

Engine 39: I suggest that a that a we get one just in case. The fumes back here are getting stronger. I also suggest that we move everybody back, we could possibly have another explosion.

Deputy 1: We have Engine 34 and a responding or staged at this time, stand by.

Alarm: Car 71 on the scene

MetroCare 25: Care 25's on the scene.

MetroCare 23: MetroCare 23's on the scene.

Deputy 1: Command to Treatment.

Engine 35: 35 to Alarm, did you have traffic for us?

Alarm: Negative.

Deputy 1: Give me an assessment of what you have.

Engine 18: We've got one priority one, two priority two's, that are questionable, an additional two priority two's that are in the ambulance at this time awaiting transportation.

? traffic.....static

Deputy 1: Alarm, we need emergency traffic right away.

Tone.....

Deputy 1: Command to Engine 39.

Engine 39: 39 copy, we're carrying out those litters right now.

Deputy 1: Command copy, Command to Car 10.

Deputy 1: Command copy, Command to Alarm.

Alarm: Command go ahead.

Deputy 1: I need a liaison officer, P.D. officer to come to the command vehicle I'm directly North of the incident. Command to a, staging.

Engine 23: Staging go.

Deputy 1: Do you have a ladder in staging?

Engine 23: Negative.....(unreadable)

Deputy 1: Go staging.

Engine 23: Be advised that.....(unreadable)

Deputy 1: OK, go ahead and switch then, I need the a, medics out here. Command to Ladder 22.

Ladder 22: Ladder 22.

Deputy 1: Can you get your crew back together?

Ladder 22: That's affirmative.

Deputy 1: OK, you see what I want, I want you to go ahead and set up a Ladder pipe and enter this thing from West end, OK?

Ladder 22: Copy, set the ladder pipe from the West end.

■ Staged.

Deputy 1: Command to Ladder 22.

Ladder 22: Ladder 22

Deputy 1: When you set up this thing, I do not want anybody in that basket.

Ladder 22: Copy, we have a remote unit.

Deputy 1: OK.

Engine 23: Staging to Command.

Deputy 1: Command go.

Engine 23: We have 3 Engines, 1 Ladder, and a rescue in staging.

Deputy 1: 3 Engines, 1 Ladder, 1 Rescue

Engine 23: That's affirmative.

Engine 23: Staging to Command.

Deputy 1: Command go.

Engine 23: Engine 34 is one of the units in staging without their foam truck.

Deputy 1: OK, we're not going to use you right now, why don't you go back and we'll stand by, I'm going to get it out here.

Deputy 1: Command go.

Deputy 1: OK, Doug, we're going to be pulling back what I'm going to do is get Ladder 22 to a set up his ladder pipe and we're going to put water on it.

Deputy 1: Command to staging.

Engine 23: Staging.

Deputy 1: I'm going to have Ladder 22 set on the West side of the incident, I'm going to need an engine company to lay a line to supply it.

Engine 23: Where do you want to lay that line from?

Deputy 1: You've got a map book, I can't tell you from here.

Engine 23: OK.

Deputy 1: Command to staging.

Engine 23: Staging.

Deputy 1: What ladder do you have?

Engine 23: Ladder 24 and Ladder 1.

Deputy 1: Ladder 24 and Ladder 1, give me Ladder 24, I want them to set up on the East side and I'll have a line layed to them all I want him to do is cool those tanks, I don't want anybody in that, on the end of the pipe.

Rescue 24: Rescue 24 to Transportation.

Car 151: Transportation.

Rescue 24: We're leaving with these two firefighters, County Hospital, we got a clearance for morphine, we're going.

Car 151: Copy

Ladder 22: Ladder 22 to Command.

Engine 23: Staging to Command.

Deputy 1: Command go.

Engine 23: We have Engine 3 in staging, do you want to use their squirt?

Deputy 1: That's not tall enough, I need something taller.

Rescue 22: Rescue 22 to Commander.

Deputy 1: Ladder 22?

Ladder 22: We're on the West side of the fence, I tried to copy, is that close enough for you?

Deputy 1: I want you to be close enough where you can get some water on those tanks to cool them down.

Ladder 22: Copy.

Deputy 1: Command to Staging.

Engine 23: Staging.

Deputy 1: Who's going to supply Ladder 22?

Engine 23: Engine 3.

Deputy 1: OK, I'm going to have Ladder 24, Eaves, setting up on the East side. I need a line layed to him, from the East side to cover the exposures. I need an Engine company to lay a line, tell me who it's going to be.

Engine 23: Stand by a second.

Car 151: Transportation to Command, D.P.S. chopper on the ground.

Deputy 1: Command copy, Command to Transportation.

Car 151: Transportation.

Deputy 1: Stand by, Command to Treatment.

Deputy 1: Command to Treatment.

Deputy 1: Command to Treatment.

Engine 23: Staging to Command.

Deputy 1: Command to staging.

Engine 23: You got Engine 1 going to lay a line to Ladder 24, its going to take them a while to get around to the East from the West over here.

Deputy 1: OK, Command to Car 10.

Deputy 1: Doug, a, is everybody out of that area or do you know.

Deputy 1: OK, he's outside here right now. Doug if your back in there, I want you out of there too. I want to confirm that all of Engine 39's crew is out.

Engine 39: This is Engine 39, all of 39's crew is out, out in the street in back of you.

Deputy 1: Command copy.

Battalion 2: Battalion 2 to Command.

Deputy 1: Last Unit?

Battalion 2: Battalion 2.

Deputy 1: Go ahead, Battalion 2.

Battalion 2: Chief,.....right now the only personnel we have back here is Ladder 22, and some of the people hanging around the gas station, we're attempting to get rid of them now. I also recommend we put.....

Deputy 1: OK, Ladder 22 should be getting out of there. I want them to set up their ladder pipe.

Battalion 2: That's affirmative, they're doing that at this time now. Advise that we do have one a master stream being put on the tank at this time

Deputy 1: Command copy, It is unmanned at this time?

Battalion 2: That's affirmative.

Engine 3: Engine 3 to Ladder 22.

Ladder 22. Ladder 22.

Engine 3. Where you setting up at?

Ladder 22: Just West of the building throught these gates, just West of the a filling station, lay two.....if you're ready.

Ladder 22: Did you copy Engine 3?

Engine 3: Engine 3 copy, you're just West. We see your stick now.

Battalion 2: Battalion to Command.

Deputy 1: Command go ahead.

Battalion 2: We need to a find a D.P.S medic and get him back to his copter we're ready to use his vehicle to transport.

Deputy 1: OK, you need a medic to go to the helicopter?

Battalion 2: Battalion.....needs the D.P.S. medic who is somewhere here on the scene, and we need to get him back to the helicopter.

Deputy 1: Where is he now?

Battalion 2: No idea, I'm looking myself.

Deputy 1: Command to Alarm.

Alarm: Command go ahead.

Deputy 1: Apparently we're missing a D.P.S. personnel a that is on the scene,

that needs to get into his helicopter, could a check with their dispatcher and find him?

Alarm: That's affirmative, Command.

Deputy 1: Command to

?Command

Deputy 1: Command to Staging.

Engine 23: Staging.

Deputy 1: Who do you have in Staging right now?

Enging 23: Engine 9, Rescue 11, Engine 40, Ladder 1, Engine 34, Engine 22
.....

Deputy 1: Staging, you are completely unreadable.

Engine 23: Two engines which are ALS units, one rescue, one ladder, two engines.

Deputy 1: I want one of the engine companies to a become Evacuation Sector
I want them to get everybody out of that area and I want
everybody out of that bar.

Engine 23: Where's that located at?

Deputy 1: The bar is just, N/E of the incident and I want the a area
that's going, going to be roped off, it is roped off right now
where the tanks are, I don't want anybody back there.

Engine 23: Staging copy.

Deputy 1: I want to know who it's going to be

Battalion 2: Battalion to Command.

Deputy 1: Last unit?

Battalion 2: This Battalion 2, John be advised that the a
gas station the power has been secured here and I'm making
sure there are no a smells of any type.....fumes.

Deputy 1: Command copy, thanks Mike.

Engine 23: Staging to Command.

Deputy 1: Stand by Staging

Car 620: Car 620 on the scene.

Battalion 2: Battalion 2 to Command

Battalion 2: Battalion 2 to Command.

Deputy 1: Command go.

Battalion 2: Ladder 22 is set up here, we will need to lay him a forward pumper for supply, water supply

Deputy 1: OK, stand by with that ladder, Mike, just stand by.

Battalion 4: Battalion 4 on the scene.

Deputy 1: Command to Staging.

Engine 23: Staging.

Deputy 1: Who is going to be Evacuation?

Engine 23: That's Engine 40.

Deputy 1: will be evacuation.

Engine 23: That's affirmative.

Deputy 1: Command copy.

Car 151: Transportation to Command.

Deputy 1: Command go.

Car 151: Are ready for status on the transported patients.

Deputy 1: Ya, Rocky, I need to know too if we've transported everyone

Car 151: Transportation, this is Transportation, we're just about to load final patient, Pearce, we are going to take, go by D.P.S. to a St. Joe.

Deputy 1: Pearce is going to go to St. Joe's by a via a D.P.S.?

Car 151: That's affirmative, let me give you the names on transportation to County Burn Center.

Deputy 1: I'd rather you gave this on Channel 5, portable Channel 5.

Car 151: OK, John, it's not pressing I'll walk back to the Command van.

Deputy 1: OK.

Battalion 2: Battalion to extrication.

Car 613: Car 613 on the scene with the motorhome.

Engine 1: Engine 1 to Command.

Deputy 1: Command go.

Engine 1: (unable to read) closest plug..... have to come all the way back and lay in from the west.

Ladder 24: Ladder 24 to Command.

Engine 1: Engine 1 to Command.

Deputy 1: Go Command.

Engine 1: Ya, Chief, the closest plug on the East side of the incident is about 28 Avenue and Broadway, its quite a long lay a you going to have to use a couple pumbers if you lay from there. A, you want to do that or come back from the West side?

Deputy 1: If he can come from the West side and a supply the two ladder pipes a that would be okay. The only thing is, Joe, what we're going to do right now, we may not need to put more water on these things we're going to stand by, why don't you hold up a minute.

Engine 1: OK, we'll return to Staging.

Deputy 1: OK.

Deputy 1: Command toSector, Engine.....

Engine 3: Engine 3 to Command.

Deputy 1: Command go, Engine 3,

Engine 3: We're going to need someone to lay this, a, to pump the supply line that we layed on the, off the West, off 35th Avenue

Deputy 1: Command to Staging.

Engine 23: Staging.

Deputy 1: I need a pumper at 35th Avenue where Engine, a, 3 layed a line from.

Engine 23: Pumper, that'll be Engine 34.

Deputy 1: Engine 34 will be pumping, Engine 3's line it will be a ladder operation.

? Evacuation to Staging.

Engine 23: Staging.

? You have Engine 40?

Engine 23: That's negative, they've been assigned.

? Copy.

Car 110: Hazard Sector to Command.

Deputy 1: Command go, Haz.

Car 110:shut down ..all sorts of lines on the tank at this time.

If, a, we don't have personnel in position near them we need to get one engine here..... our concern is that we will float the empty tank and cause it to fall over. At this time we've got no ignition sources inside the yard. So the only problems we'll create here is if we add additional ones.

Deputy 1: OK, Command to Ladder 22.

Ladder 22: Ladder 22.

Deputy 1: Shut down your operation.

Ladder 22: Shut down operation, is that affirmative?

Deputy 1: That's affirmative.

Ladder 22: OK.

? Evacuation to Engine 40.

Engine 40: Engine 40.

? Engine 40 where you located?

Engine 40: We're clearing the bar at this time we have the news people out, we're getting the owner to secure the building, we'll be taking him across the line.

? Evacuation copy.

?(unable to read)

Car 110: Haz Mat Sector to Command.

Deputy 1: Command go ahead.

Car 110:coordinating with Battalion 2 to have two personnel enter and shut down 39's rig at this time.

Deputy 1: OK, Jerry, Eng, Ladder 22 has shut down now and 39 I believe is the last unit pumping water, is that right.

Car 110: That's affirmative, once we get it shut down we should be in a position then to go ahead and enter and make an assessment of what we got.

Deputy 1: OK, You are now Haz Sector is that affirmative?

Car 110: That's affirmative.

Deputy 1: OK.

Deputy 1: Command to Haz Sector.

Car 110: Haz Sector.

Deputy 1: Jerry, I never did get an all clear on the, a, right in the area that was affected.

Car 110: Are you, a, referring to the area of the tanks?

Deputy 1: Affirmative, I'll need an all clear.

Car 110: Affirmative, we gave an initial all clear that was conducted after the explosion, however, we'll give you a secondary when we go back in to survey.

Deputy 1: OK, Thanks.

Battalion 2: Battalion 2 to Command.

? Haz Sector.

Battalion 2: Battalion to Haz Sector,

Car 110: Hazard Sector to Battalion 2.

Battalion 2: Battalion 2 to Haz Sector, be advised we got all of the pipes shut down I just need to secure the, a,.....22 then all the ignition sources will be secured.

Car 110 Copy, let me know when we got an all clear of fire personnel.

Battalion 2: Copy, stand by, it'll be about 2 minutes.

Battalion 2: Battalion 2 to Haz Sector, all fire personnel all clear.

.....(unable to read)

Car 110: Haz Sector to command.

Alarm: Alarm to Broadway Command

Deputy 1: Command go.

Alarm: Be advised you have Survival flight responding, have an ETA of 4 minutes on Channel 4.

Deputy 1: Repeat.

Alarm: You have Survival flight responding, with an ETA of 4 minutes, they will be on Channel 4.

Deputy 1: Command copy.

Deputy 1: Command to Transportation

Car 151: Transportation.

Deputy 1: Did you copy Alarm's message?

Car 151: No I didn t.

Deputy 1: Survival has an ETA of 4 minutes. They'll be on Channel 4, can you send someone to land him?

Car 151: 10-04, Copy.

Deputy 1: Command to Treatment,

Car 151: Transportation.

Car 110: Haz Mat Sector to Command.

Deputy 1: Command to Haz.

Car 110: Be advised, a, we're about a minute and a half away from making entry with city personnel to survey the tanks, and shut off all the existing fuel lines off the tanks. We'll give you a further report on the assessment of the explosion area.

Deputy 1: OK, Thanks Jerry.

Car 151: Transport to Command.

Deputy 1: Command go, Transportation.

Car 151:there's no, what channel the a, Airevacs coming in on.

Deputy 1:Channel 4.

Deputy 1: Command to Staging.

Engine 23: Staging.

Deputy 1:go to portable channel 5.

Utility 1: Utility 1 to Command.

Deputy 1: Command go.

Utility 1:engineer off of Support 4 for a piece of equipment off the truck.

Deputy 1: Command to Support 4.

Support 4: Support 4, copy.

Car 110: Haz Sector to Command.

Deputy 1: Command go.

Car 110: Be advised we're going in at this time to make an assessment. While we're in the area itself I will not be using.....

Deputy 1: OK, you'll be, not communicating, is that affirmative?

Car 110: That's affirmative.

Deputy 1: OK.

I71: I71 leaving the scene enroute to, a, Good Sam.

Alarm: 171 leaving scene enroute to Good Sam.

Deputy 1: Command to Staging.

Engine 23: Staging.

Deputy 1: Command to Transportation.

Car 151: Transportation to Command.

Deputy 1: Command go ahead.

Car 151: We got Survival Flight landed.

Deputy 1: Survival Flight is on the ground.

Car 151: Copy.

Deputy 1: Command to Alarm.

Alarm: Command go ahead.

Deputy 1: I'll give an update on the patients that will be leaving the scene to the hospitals, I need to get ahold of Treatment yet.

Alarm: Alarm copy, Command, will you, a, need the Air Guard chopper to reach you.

Deputy 1: Negative.

Alarm: Copy, thank you.

Deputy 1: Command to Treatment.

Deputy 1: Command to DC1 Aide.

Deputy 1: Command, Command to DC1 Aide.

DC1 Aide: Go ahead.

Deputy 1: Tom, go round up, a, Treatment. I need to, a, talk to him, tell him to listen to his radio.

DC1 Aide: Copy.

Deputy 1: Command to Alarm.

Alarm: Command go ahead.

Deputy 1: Do you have enough.....to the city right now?

Alarm: Will you repeat.

Deputy 1: This is for coverage.

Alarm: That's affirmative, we're fine.

Deputy 1: Command copy.

? to Command.

Deputy 1: Command go.

Car 110: All indications are that we have got the situation stabilized. All the tanks that have product in them are shut down at the time. The readings that we have got have been in low concentrations with the exception of in the involved tank itself. I'll come to the command post and give you a further report face to face.

Deputy 1: Command to Haz Sector.

Car 110: Haz Sector go ahead.

Deputy 1: Can you con.....in the tank?

Car 110: Repeat, John, you were breaking up, I couldn't copy.

Deputy 1: Can you get me a confirmation on the contents that were in the tank. Was this toluene as first thought?

Car 110: That's affirmative, all the indications that we've got is this is toluene.

Deputy 1: Ok, when you get through over there why don't you come to the command van.

Car 110: That's affirmative, as soon as I get my gear off, I'll come over to, a, face to face.

Deputy 1: OK.

Rehab: Rehab to alarm on Channel 3.

Alarm: Rehab go ahead.

Rehab: I've got the names of the firefighters who are being transported to the hospitals from W. Broadway for evaluation, you ready to copy their names?

Alarm: Go to channel 4 with that information, Channel 4.

Deputy 1: Command to Alarm.

Alarm: Command go ahead.

Deputy 1: All personnel have been transported. You have an account as far as destination of all patients?

Alarm: We're getting it from Rehab at this time on Channel 4.

Deputy 1: OK, a, reiterated again we have all personnel transported.
Alarm; Copy, Command all personnel has been transported.
Tape concluded (1643 hrs.)
